

Educational Partners

**You're invited to join our team
as an Educational Partner
at our upcoming event!**

We have set a goal to create an unforgettable event for your company employees through the inspiration of national speaker, Roger Seip. Intelligent, insightful, and hilarious, Roger has helped train thousands on personal development skills that get record-breaking results. Our Educational Partners make Roger's participation possible.

As our Educational Partner, we will be pleased to extend to you these exceptional opportunities:

- Your educational partnership of \$650 will secure for your company a position of prominence at the meeting.
- Your logo will be included in our preliminary promotions.
- Your logo will be seen on Roger's PowerPoint slides.
- Your collateral material will be included in the conference packet, which is given to each of our attendees.
- We will have a special dedicated time set aside to thank our educational partners LIVE on stage.
- You will receive an autographed copy of Roger's book, [Train Your Brain for Success](#).

Direct mail, email, telemarketing and even social media do not come close to the value of a positive shared experience.

**Join us as we
Train Our Brains for Success!**
